# Thinking about photo frames.

Look at different photo frames. Think about how it looks, how easy it is to put a photograph in, how well it displays the photograph. Who would use it? What kind of picture is it for? Where would it stand?

# Our Task:

Our task is to design and make a photograph frame.

# Things to think about:

Who will your photo frame be for?

What will your frame need to do?

# Making it Stable

How will  
your frame  
stand up?  
How will  
you make it  
strong  
enough?

# Designing Your Frame

You also need to think about what you want your frame to look like.

Depending on who it is for you might want to choose different colours, patterns and shapes.
