LO: To write a song on WW2. 3

War time!

(At home)

Chorus

There was a day,

Which is today.

The start of the war,

That we've been waiting for.

Verse 1

Children run around at home,

Knocking over the garden gnome.

When it gets dark at night,

Try not to peep for there a fight,

Chorus

There was a day,

Which is today.

The start of the war,
That we've been waiting for.

Verse 2

The children start to cry,
As they say good bye.

The women give a big kiss,
For that person they will really miss.

Chorus

There was a day,
Which is today.

The start of the war,
That we've been waiting for.

Verse 2

You can hear the guns go boom boom boom,
As the children try listen to the radios tune.

The was singing and dancing,

And the children are prancing.

Chorus

There was a day,

Which is today.

The start of the war,

That we've been waiting for. X2
