

Rosa Parks

THE WOMAN WHO
CHANGED THE WORLD BY
SITTING ON A BUS.

I admire Rosa Parks because of her courage, the fact that she wasn't willing to give up her seat even if it broke the law. I admire that about her.

She is a witness as she believed that
are people are equal, this belief she
had would shape the entire world later
on.

I think the fact that she was separated from white people her entire life angered her and gave her the courage to stand up.
