

Add two two-digit numbers

1 How many lollipops are there altogether? + =

2 Add the following.

a $31 + 54 =$

d $52 + 37 =$

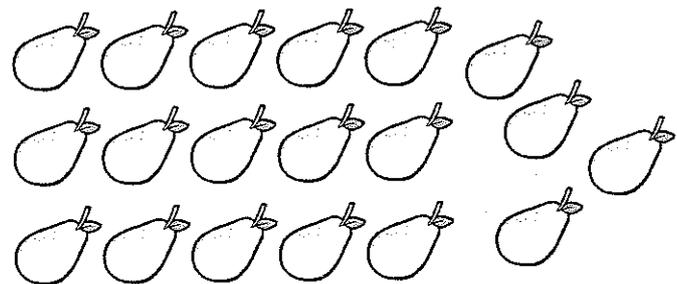

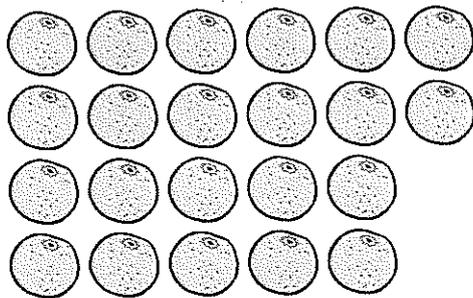

b $26 + 43 =$

e $65 + 23 =$

c $64 + 32 =$

f $72 + 25 =$

3 How many oranges and pears are there in total? + =

4 These are more difficult. Try them.

a $56 + 24 =$

d $27 + 57 =$

b $72 + 19 =$

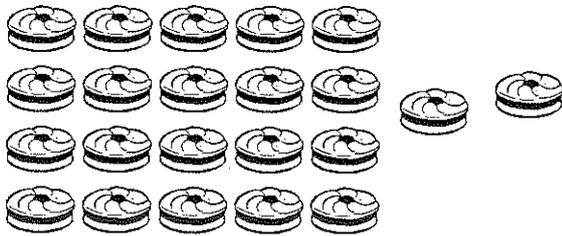

e $49 + 38 =$

c $58 + 36 =$

f $37 + 45 =$

Subtract two two-digit numbers

1 How many more cakes than biscuits can you see? - =

2 Solve the following.

a $78 - 64 =$

d $63 - 12 =$

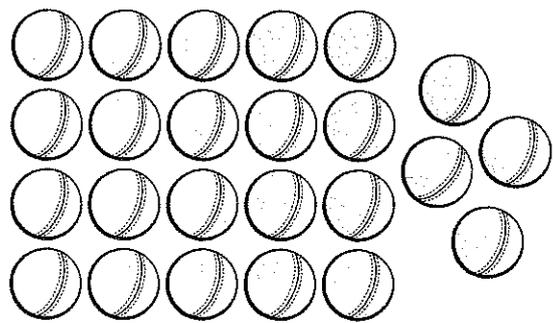

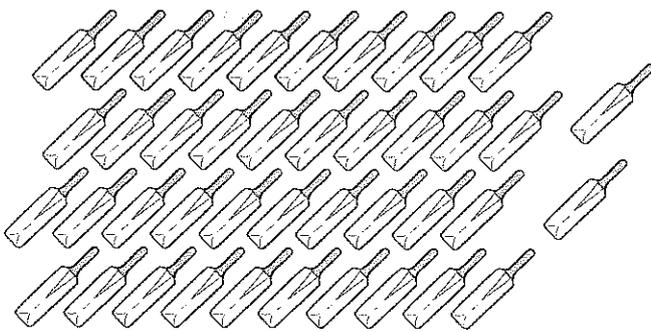

b $59 - 35 =$

e $88 - 33 =$

c $47 - 31 =$

f $97 - 22 =$

3 How many more bats than balls are there? - =

4 Have a go at these.

a $64 - 57 =$

d $76 - 18 =$

b $93 - 86 =$

e $62 - 27 =$

c $82 - 47 =$

f $94 - 28 =$
