

LO: To link what is read to own experiences.

12.05.20

To use ideas from my reading in my writing.

Watch a film clip of the countryside from a bird's eye view as it soars above the trees and fields etc.

<https://www.youtube.com/watch?v=6v2L2UGZJAM> (Planet Earth amazing nature scenery).

Imagine that you are one of the boys in the story who now has wings instead of arms. Think about how it makes you feel as you imagine yourself flying too (e.g. soaring above the rooftops like an aeroplane gliding through the clouds, fields like a patchwork quilt below, swooping with joy, etc).

Draw and record words and phrases that the film inspired in you and describe what it feels to fly.
