

Week 6

Hello everyone. We hope that you are still keeping safe and well and enjoying the activities that we are giving you.

This week you are going to continue to think about minibeasts.

First of all we would like you to listen to the story 'Yucky worms' written by Vivienne French.

You can hear the story by going to:

<https://www.youtube.com/watch?v=N5HZDXkZgf4>

You must remember to ask an adult to watch and listen to the story first.

Each day there will be a different activity for you to do, based on the story.

Monday 11th May 2020

Begin by talking with your family about the first double spread illustration after the title page where the boy looks horrified at Gran holding the worm.

Who is the boy?

Who is the woman?

Where do you think they are?

What are they doing there?

What is the boy thinking or saying?

Why is he pulling that face?

Can you pull that face? -

What is she holding in her hand?

Why do you think that?

How would you feel?

Discuss how you feel about worms: - Are worms yucky or not yucky?

Write your thoughts here:

I like worms because...	I don't like worms because...

Tuesday 12th May 2020

Today we would like you to research some facts about worms and write them down.

Fact 1:

Fact 2:

Fact 3:

Fact 4:

Fact 5:

Wednesday 13th May 2020

With an adult's help draw a large worm and around the outside of the drawing write everything that you already know about worms. Inside the drawing write all the questions you would like to find answers to. For example: What do worms eat? What are baby worms like? How can you tell which end is which?

Thursday 14th May 2020

Watch the whole story to the end. Talk with your family about what you thought about the story -

What did you like about it?

What didn't you like?

Did anything puzzle you?

What have you found out?

Any other thoughts about the story?

Friday 15th May 2020

We have found things out from a story in the book. How else can we find things out? This book has got both a story as well as some facts written about worms on each page. Watch the video again and find facts presented in different ways, like diagrams, speech bubbles or captions. Read aloud the last double page spread, 'How to be a Wormologist'. Discuss with your family how you might go about becoming Wormologists.

Watch 'The Amazing World of Earthworms in the UK' (BBC Two Springwatch):

<https://www.youtube.com/watch?v=9ZHTerOJYMA>

to learn more about earthworms in the UK with a leading wormologist.

What extra information have you found out now about worms? These facts need to be different from the facts that you have found out before.
