

Watch the following clip of a sea snail in action

<https://www.youtube.com/watch?v=enPACKaL4ZQ&feature=youtu.be>

Look closely at the snail

- What does it look like?
- How does it move?
- What are the similarities and differences between the sea snail and garden snails?

This is a rock as black as soot,
And this is a snail with an itchy foot.

Did you know the snail's underside is called its foot and the idiom to get itchy feet means to want to travel or do something different.

- Why do they think she wants to travel?
- Where do they think she might like to go?
