

Victorian Day

By Caoimhe, Jeremiasz & Oluchi.

On Victorian day all year 5 children got to participate in a show and had the chance to experience a Victorian child's life and surroundings.

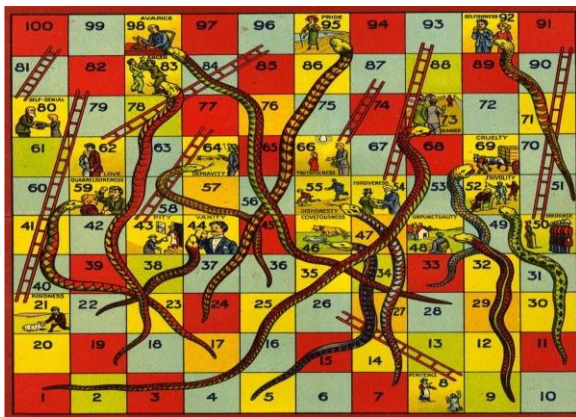

What we did in 5H

In 5H we learned about the similarities and differences between our Queen Elizabeth & Victoria. We found out that our Queen has only 4 children (Anne, Charles, Andrew and Edward) but Victoria has 9 children but unfortunately 4 died.

What we did in 5NC

We were looking at what Victorian children played with. We looked at different Victorian Snakes & Ladders. We got into groups and made our own Snakes & Ladders game.

What we did in 5IC

In Miss McAnally's class, children got to encounter the pros and cons of being in a Victorian class room. Following old rules like boys sitting in front and girls sitting in the back due to them thinking that girls were less important.
